Missing Values Heatmap

Notebook cell 11 · embedded output image

Map <=50K to 0 and >50K to 1

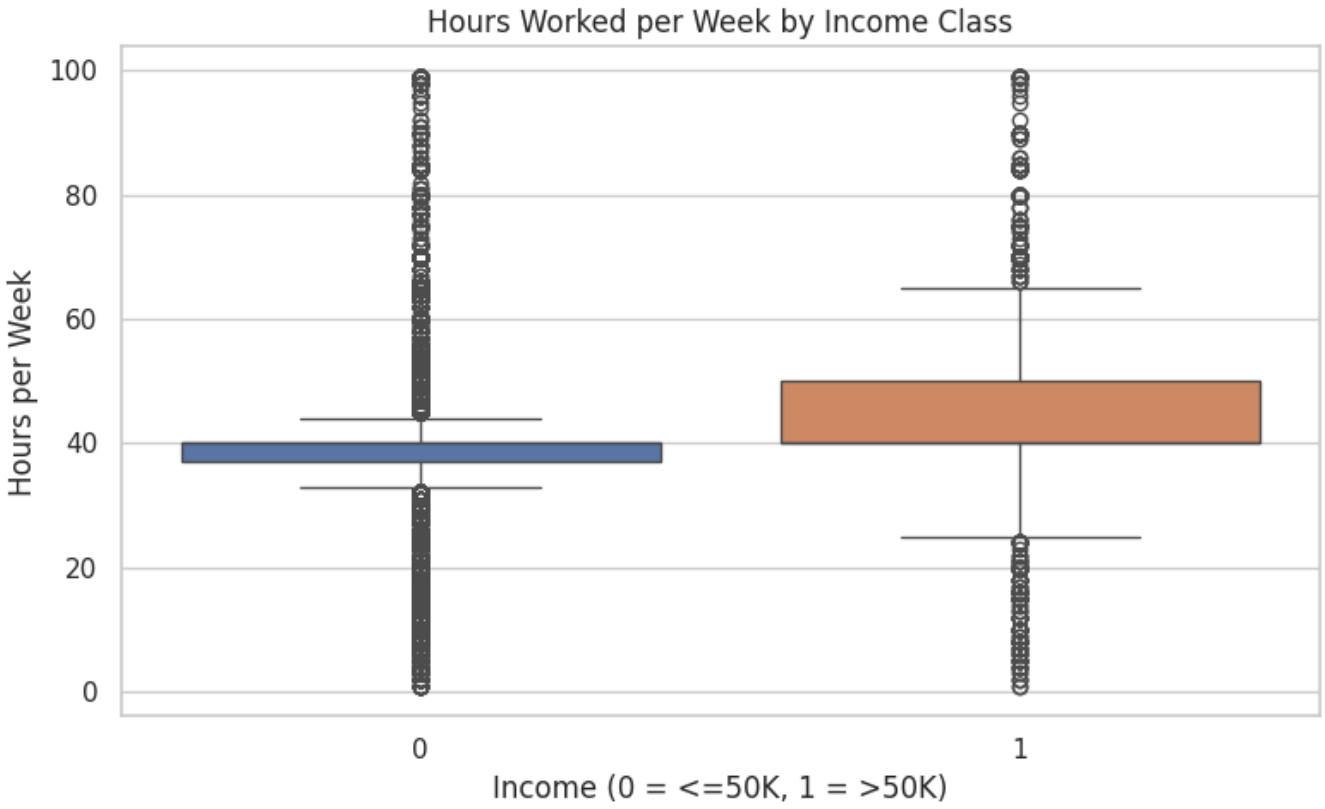

Notebook cell 12 · embedded output image

Age Distribution by Income Class

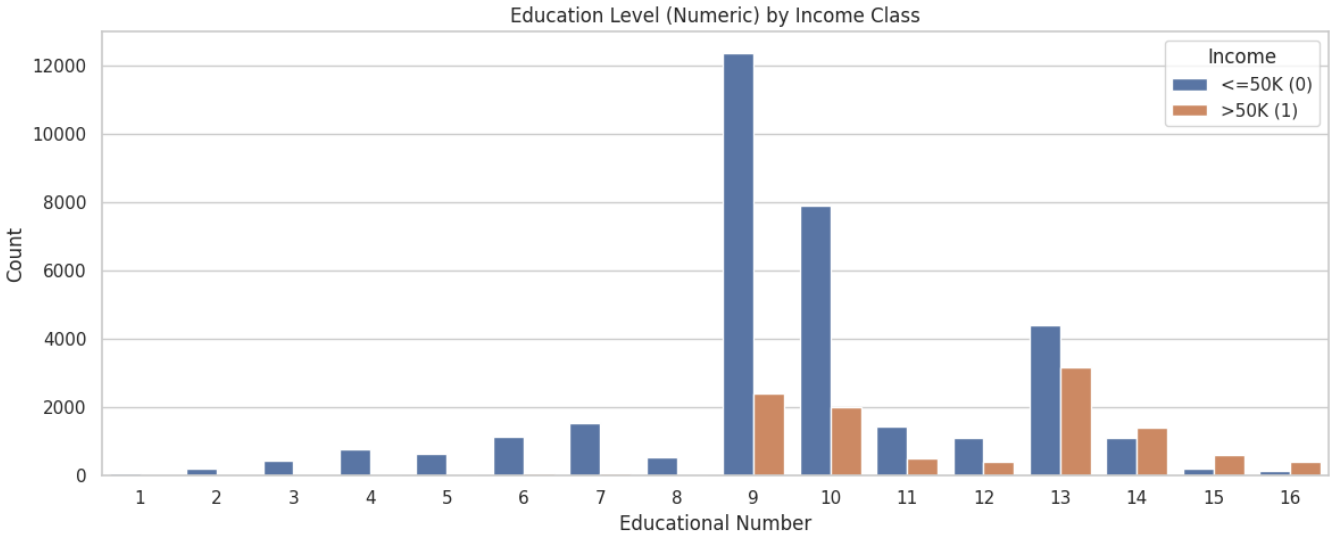

Notebook cell 13 · embedded output image

Age Distribution by Income Class

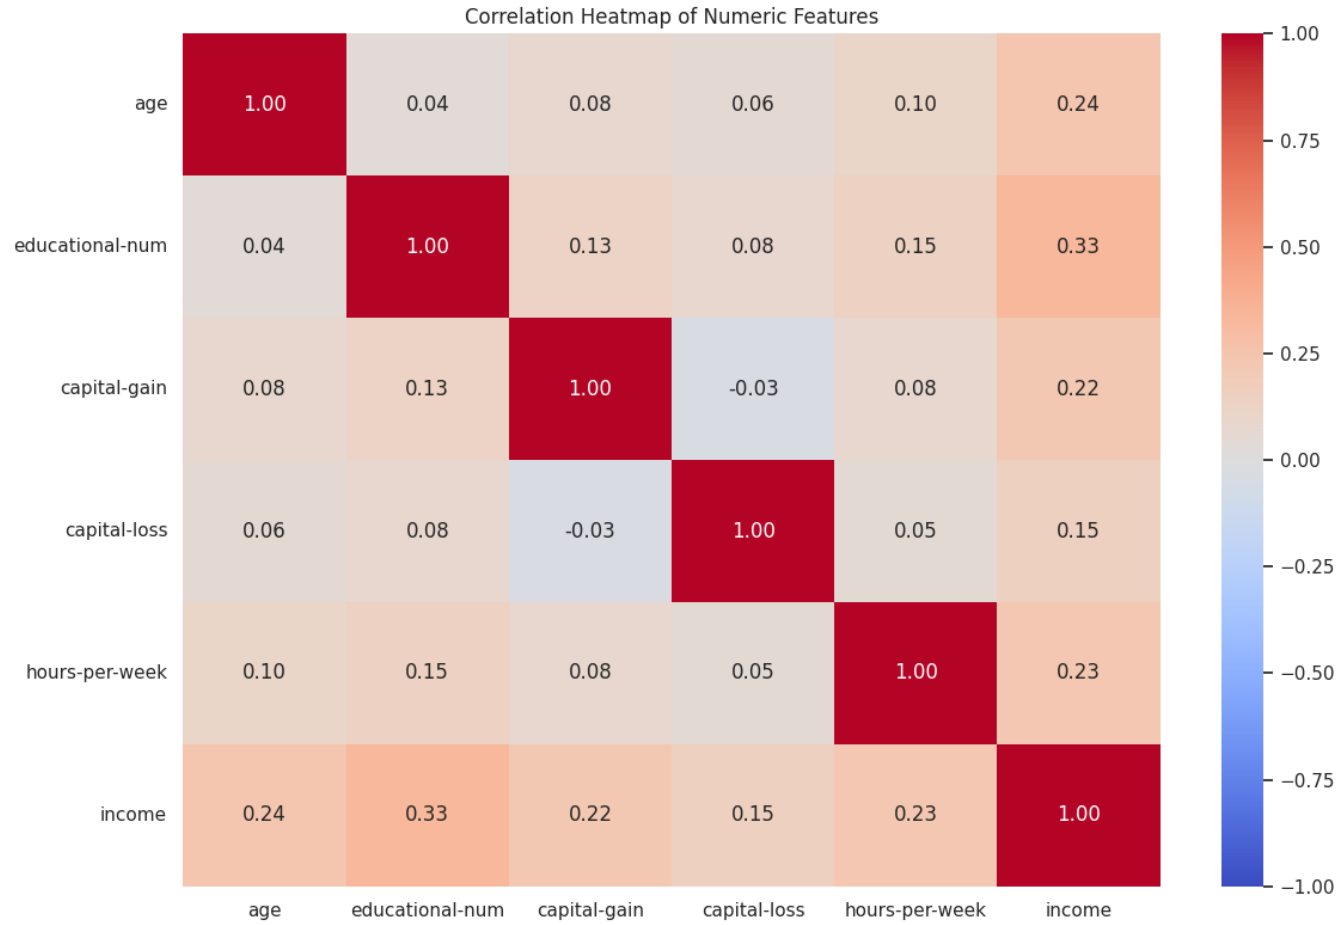

Notebook cell 13 · embedded output image

Age Distribution by Income Class

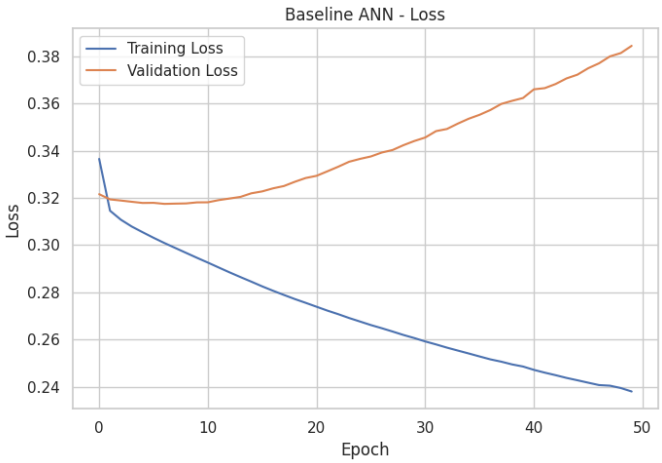

Notebook cell 13 · embedded output image

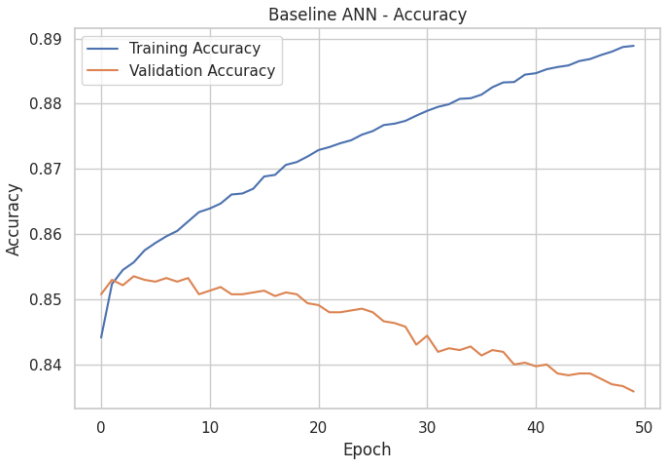

Age Distribution by Income Class

Notebook cell 13 · embedded output image

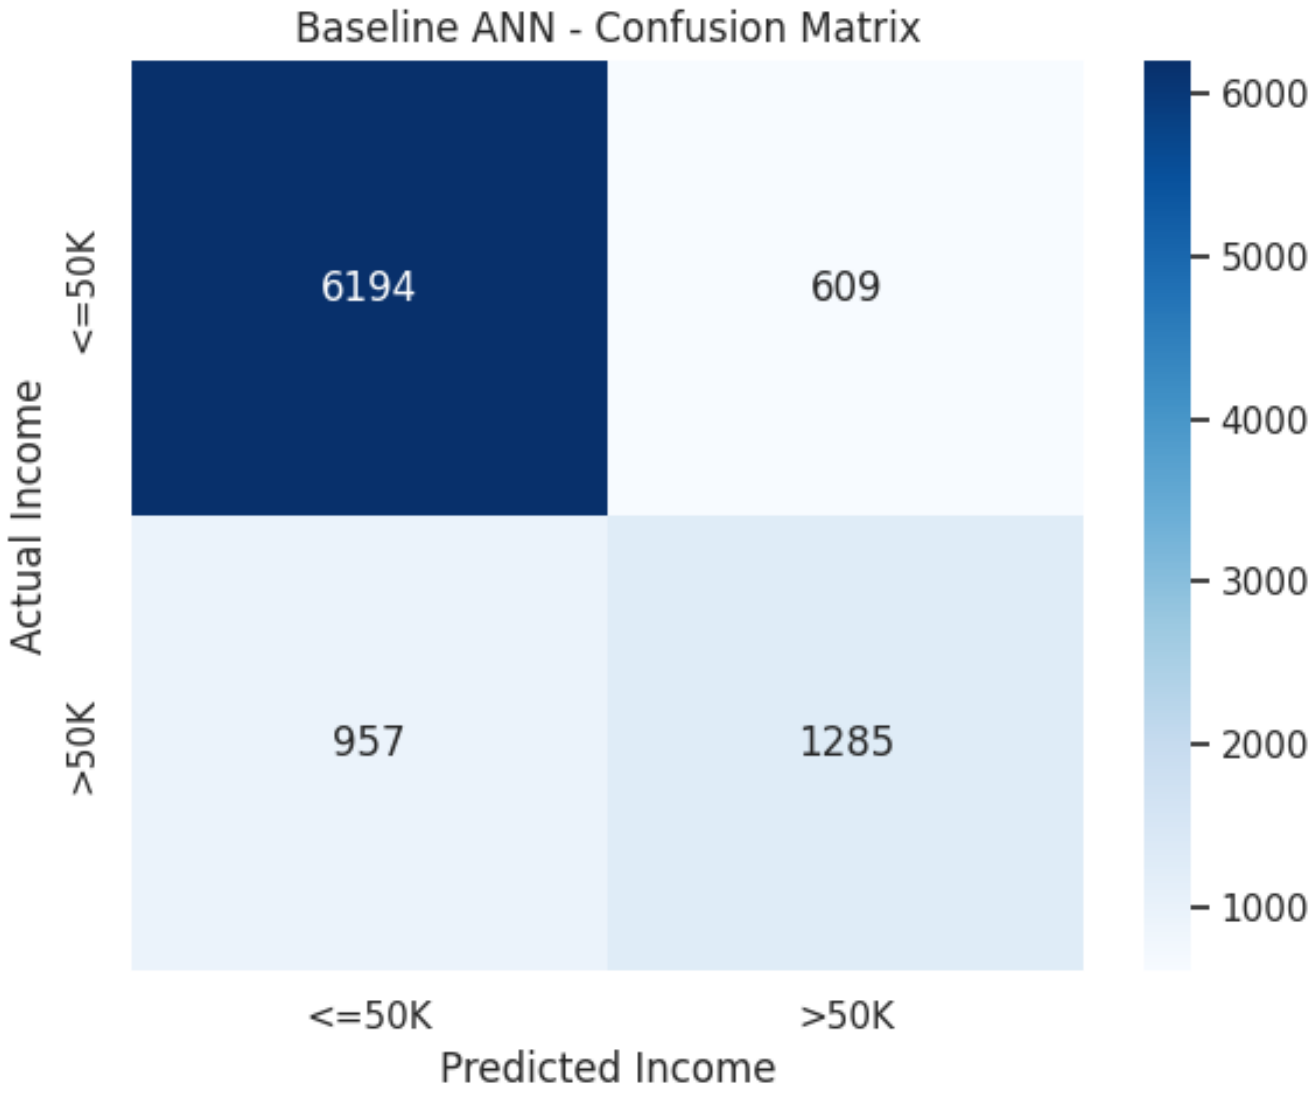

Set random seed

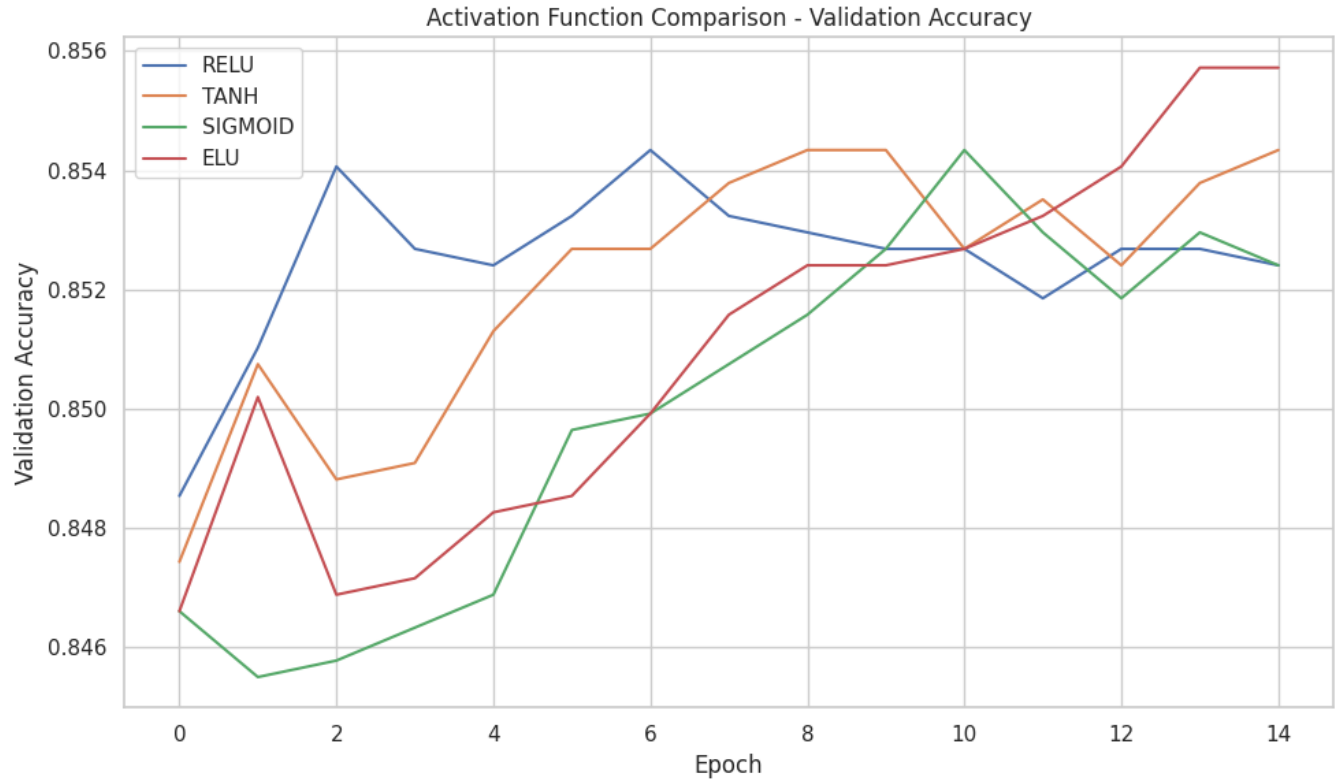

Notebook cell 15 · embedded output image

Set random seed

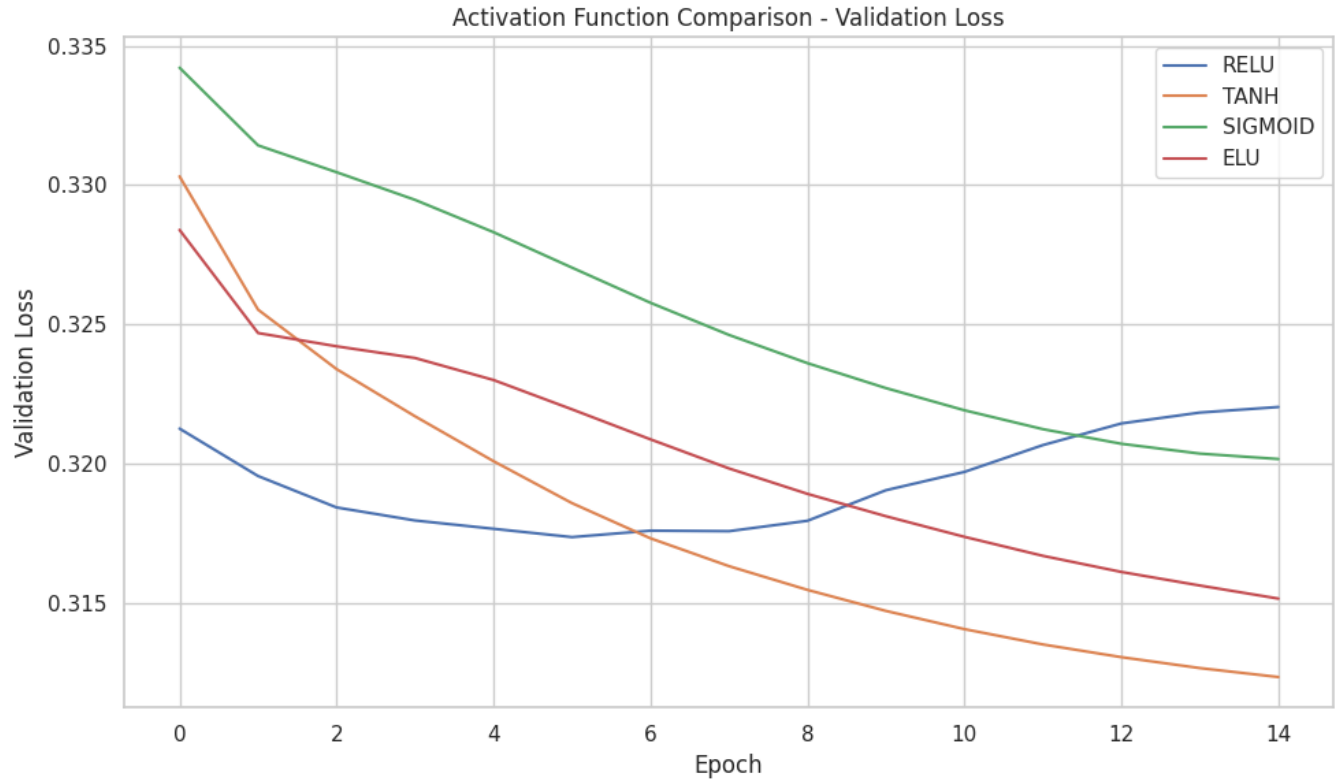

Notebook cell 15 · embedded output image

Activation Function Comparison — Validation Accuracy

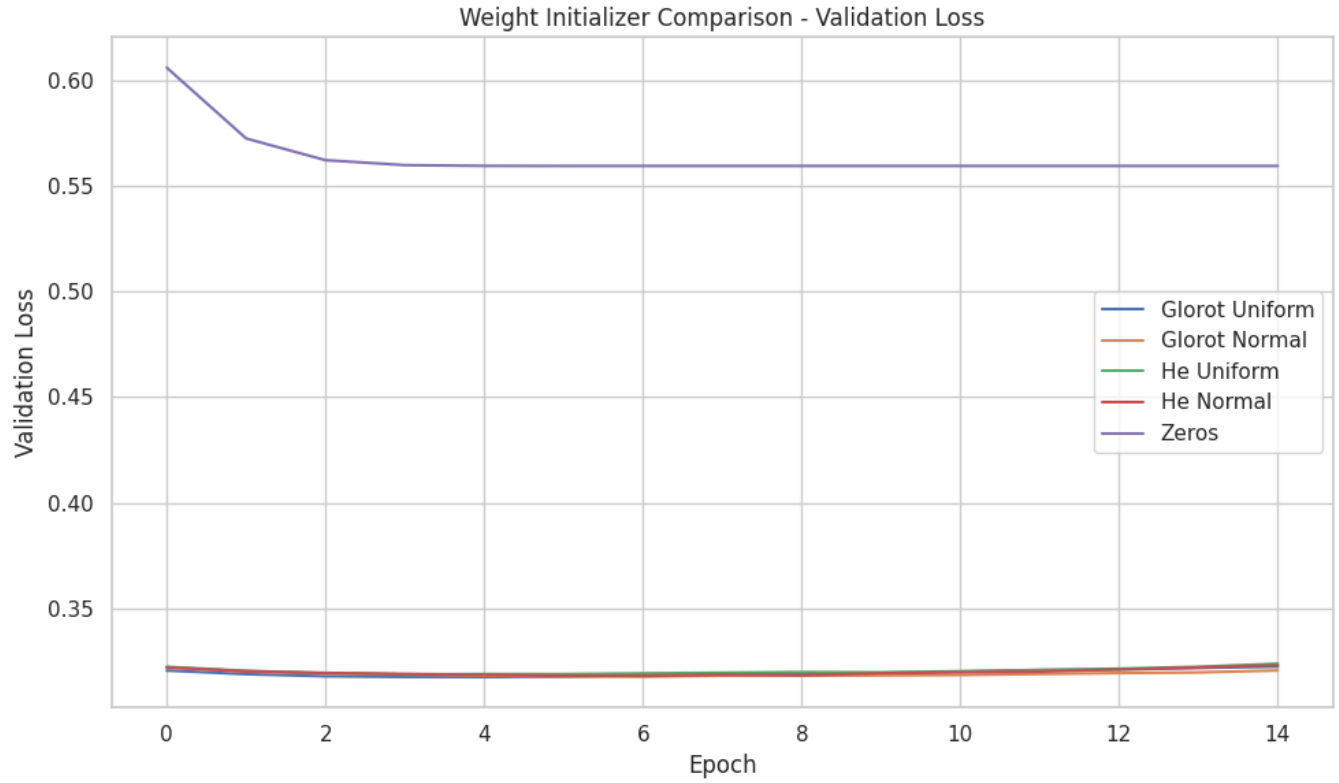

Notebook cell 17 · embedded output image

Activation Function Comparison — Validation Loss

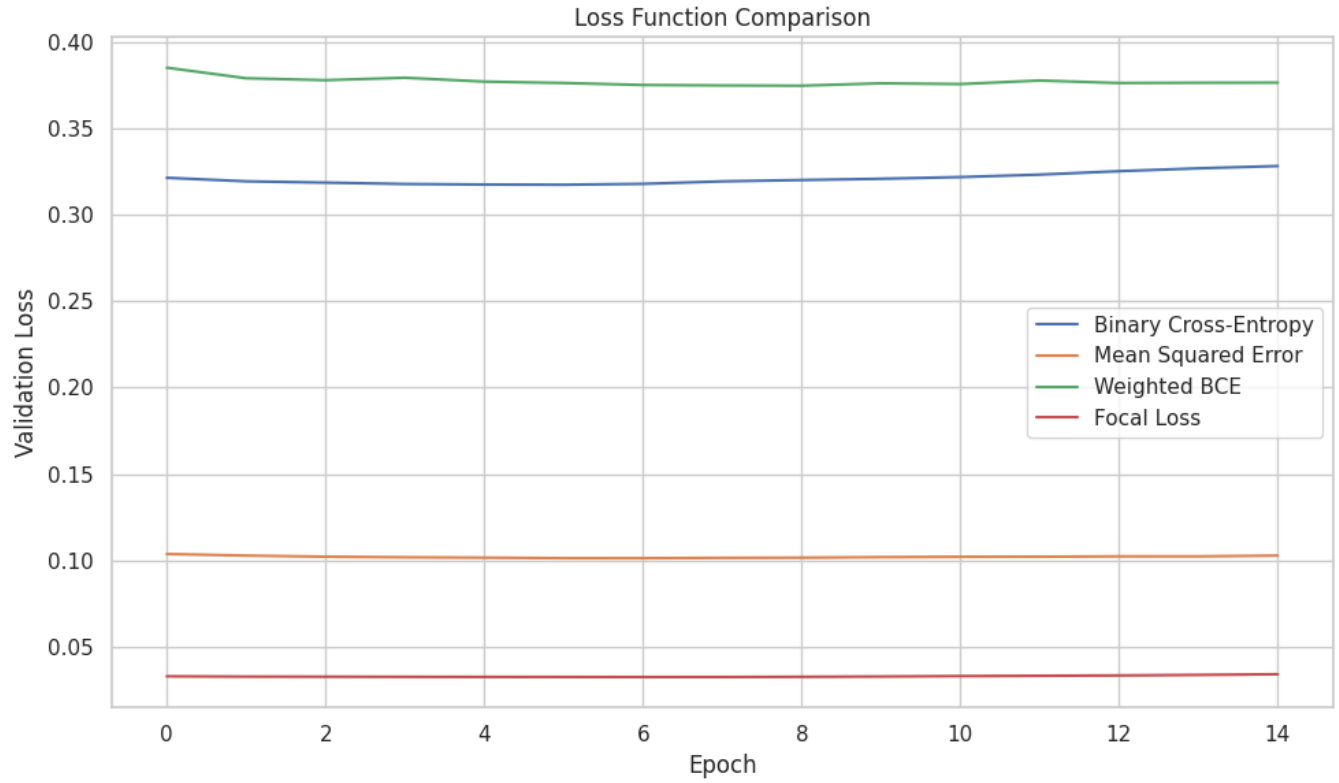

Notebook cell 18 · embedded output image

Weight Initializer Comparison — Validation Loss

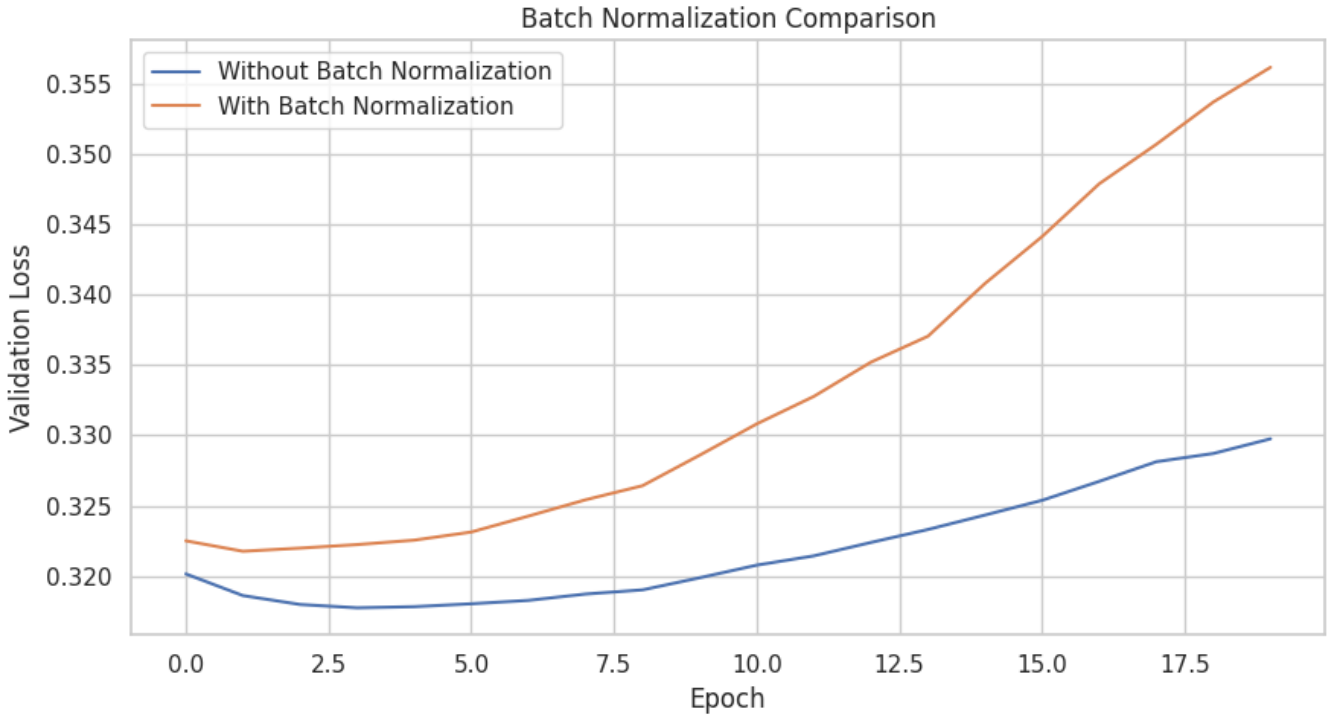

Notebook cell 21 · embedded output image

Loss Function Comparison

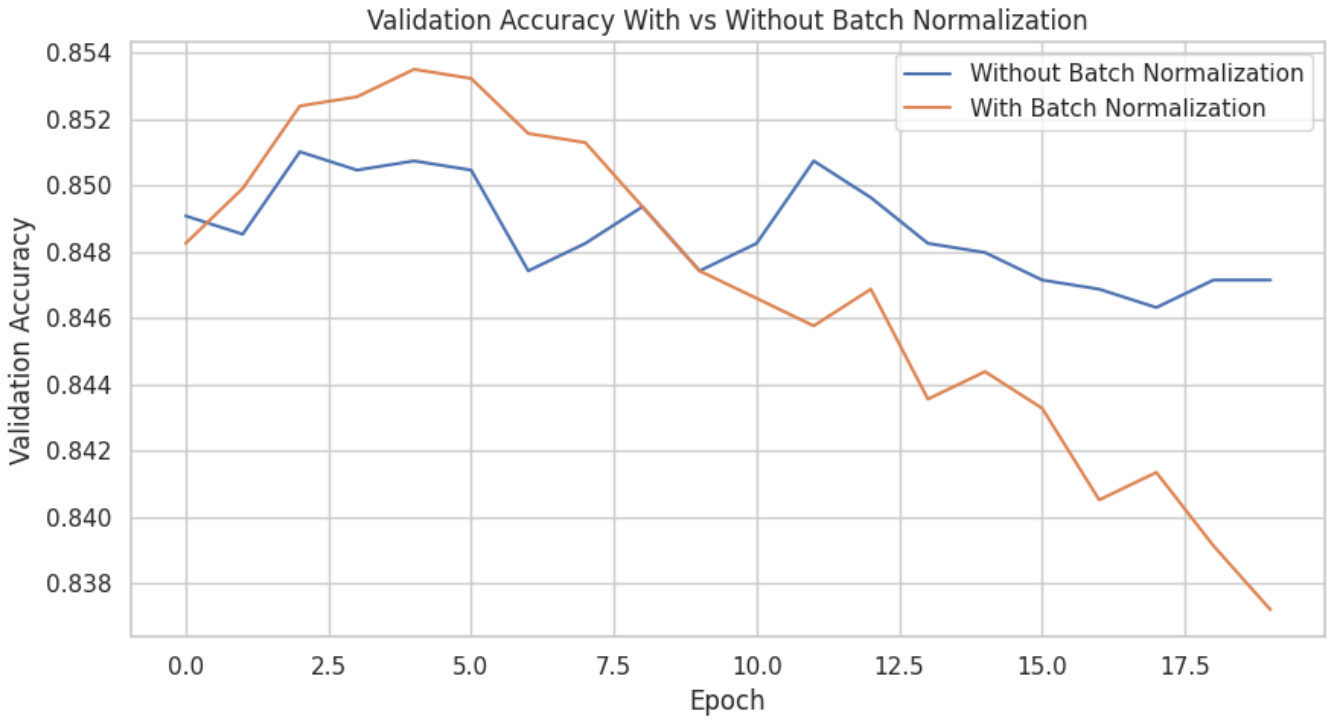

Notebook cell 27 · embedded output image

Batch Normalization Comparison — Validation Loss

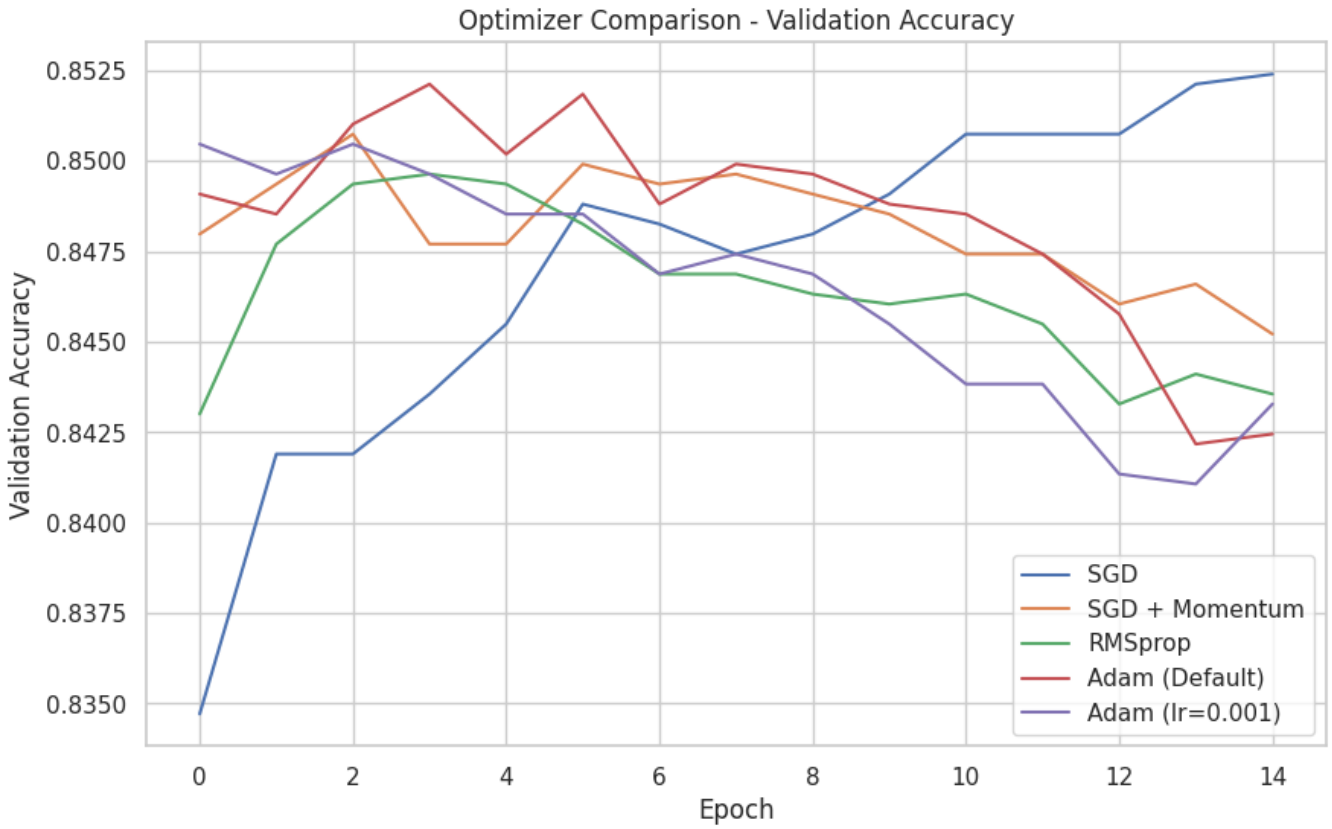

Notebook cell 30 · embedded output image

Validation Accuracy With vs. Without Batch Normalization

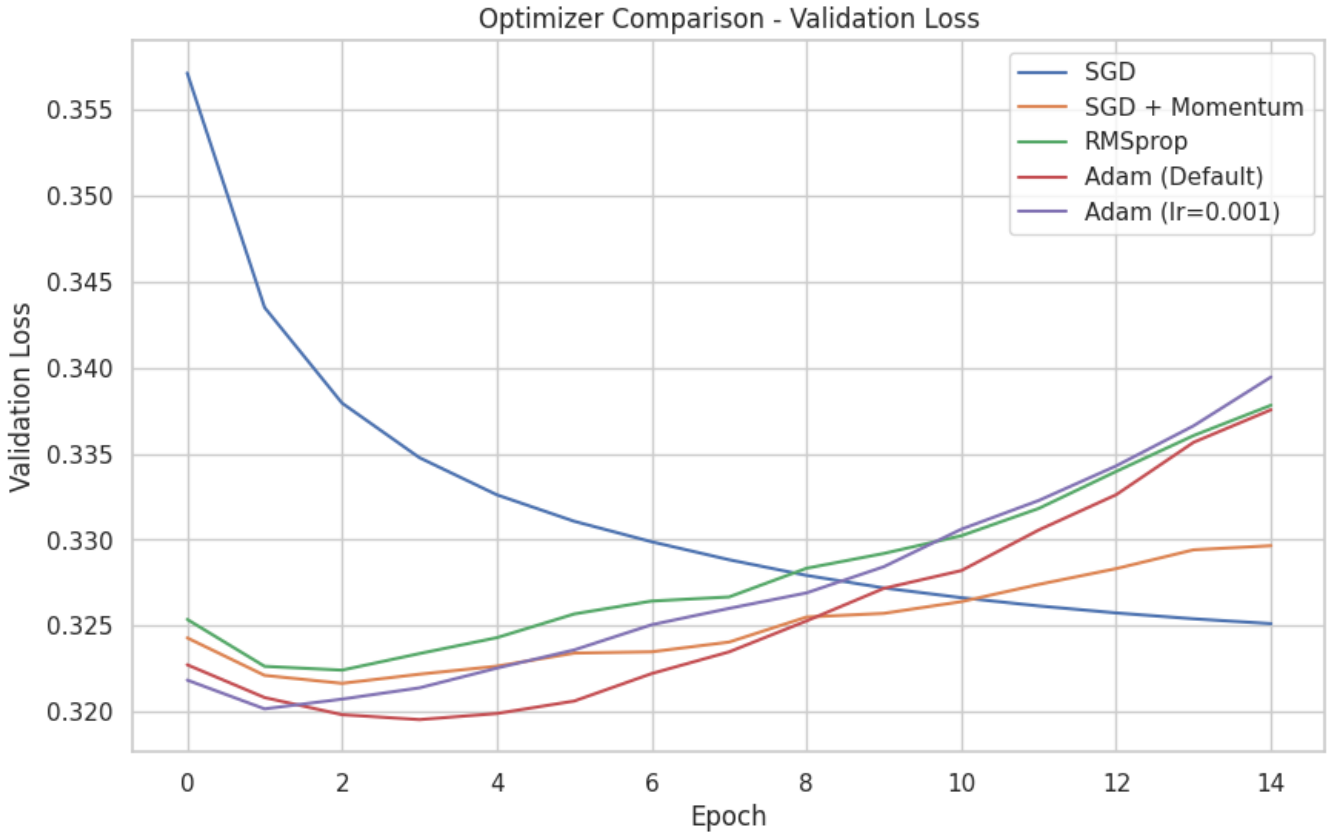

Notebook cell 32 · embedded output image

Optimizer Comparison — Validation Accuracy

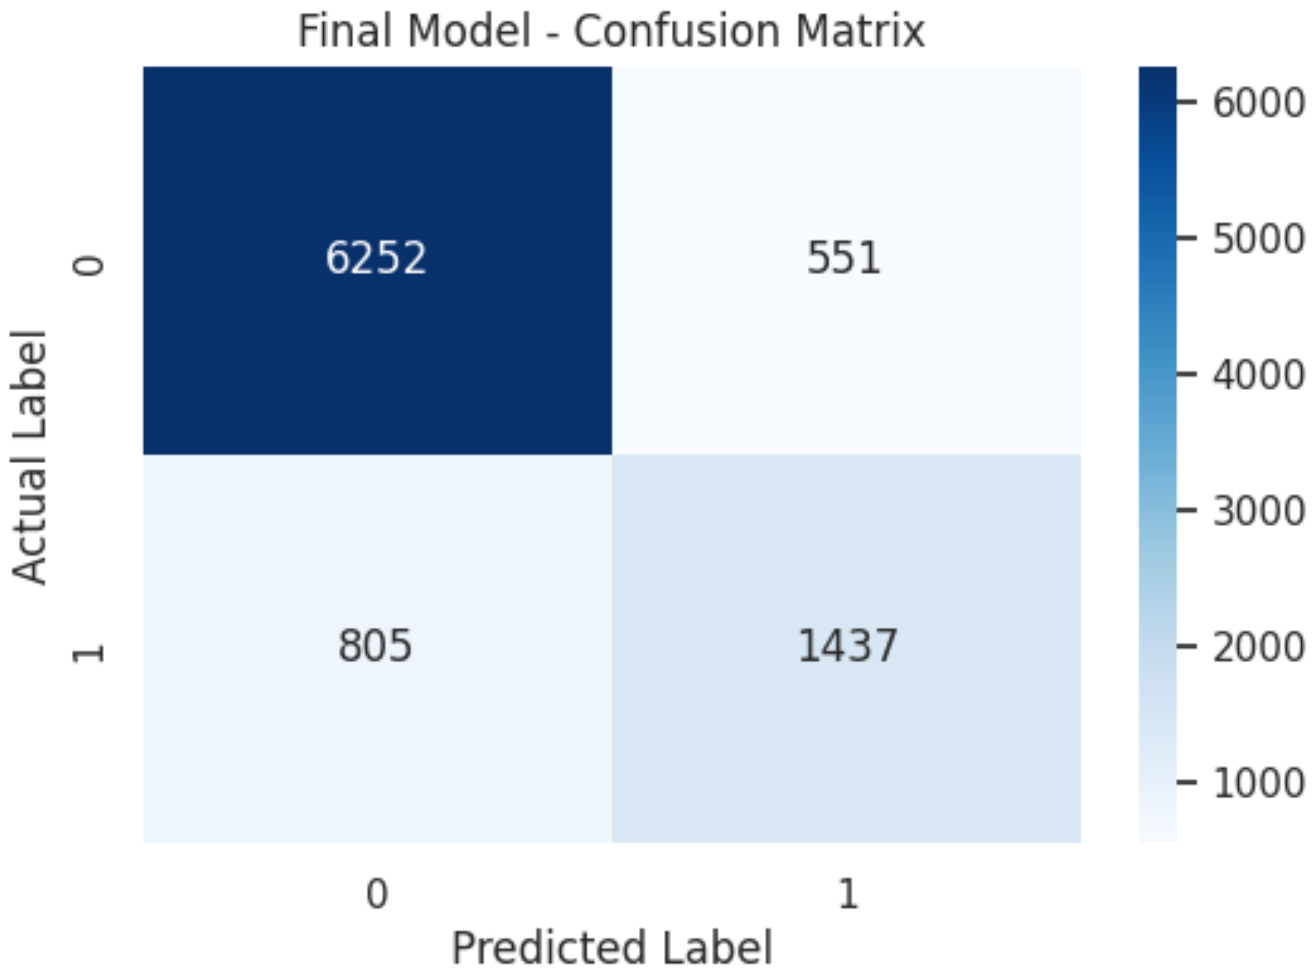

Notebook cell 34 · embedded output image

Optimizer Comparison — Validation Loss

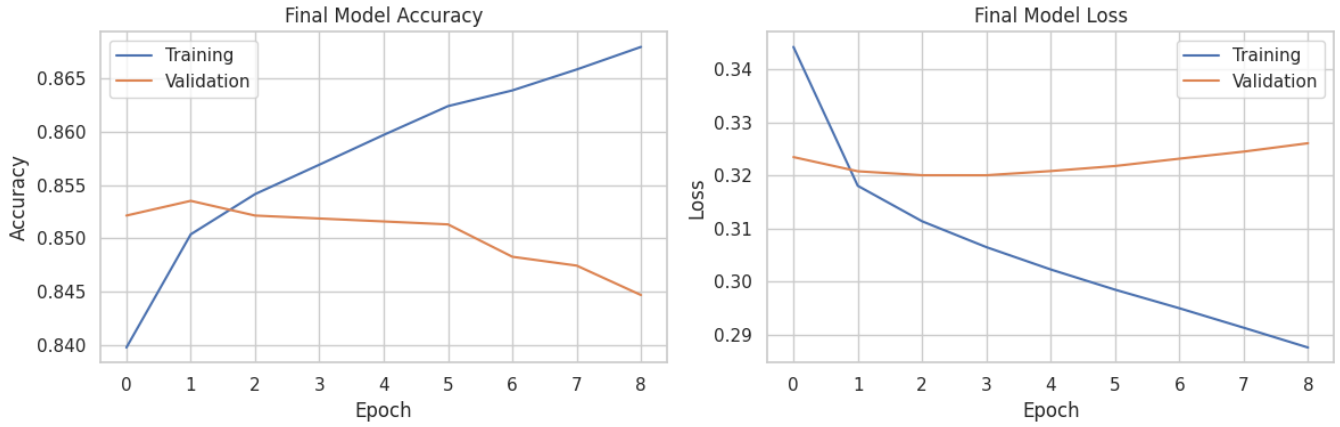

Notebook cell 35 · embedded output image

Notebook Visual — Cell 37

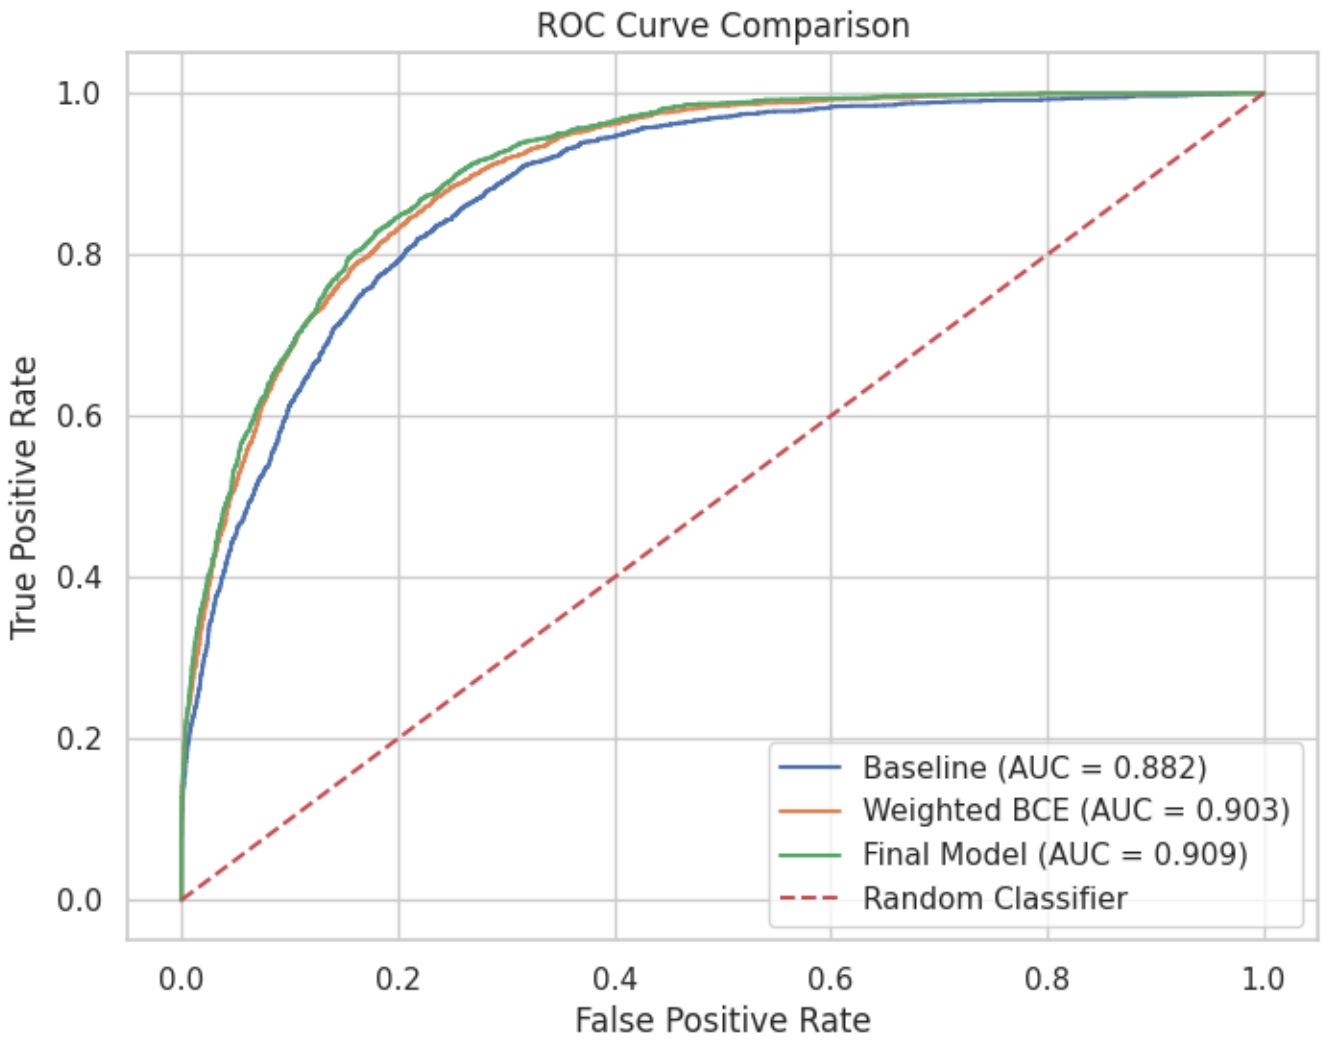

Notebook cell 37 · embedded output image

Final Model Accuracy and Loss

Notebook cell 38 · embedded output image

ROC Curve / Model Evaluation

Notebook cell 39 · embedded output image
